### VEGETABLE PLANTS FOR 2011

These plants are suitable for gardens, planters or fields. The new improved pack and flat design contains more soil, deeper cells, community watering and a feature that holds the packs upright even when they are separated and spaced in the flat. Each flat has 8 packs of 6 plants.

**Please order by full flats** (pack prices are for calculation of unit price only.) They all have descriptive tags for easy identification and growing instructions. They are healthy and robust.

#### COOL TOLERANT VEGETABLES

---	---------	---------

Prices are subject to change due to variance in seed and fuel costs.

We are custom growers who specialize in cooperation with our customers. We can grow almost any crop for you from seed. We prefer to use your high quality seed for varieties not listed here. There is no extra charge for custom grown plants when the order is ten or more flats of the same variety for a single pick up. For less than 10 flats of a variety or pick up, there is a special handling charge of \$8.00 per variety. Our goal is to have you be pleased that the plants in your plan work out for you. Please order early, 6 to 8 weeks before you want the material ready. Of course at Harvest Farm all plants are guaranteed to be healthy, usable and satisfactory.

All prices are for healthy, usable plants, pre-ordered, payment upon pick up at Harvest Farm. 1 1/2% interest per month will be charged after 30 days. Delivery is available to many areas at a nominal price based upon cost.

**SALES TAX NOTE:**

We are required by the Commonwealth of Massachusetts to collect 6.25% of the purchase price for flowers and greenhouse supplies unless your business is exempt from this tax. Farms are exempt from this tax and so are businesses that will resell the product and collect the tax. Please have your tax exempt number available for our records.
